Concise Details of the Event:

The ICFRE-Bamboo and Rattan Centre (BRC), Bethlehem Vengthlang, Aizawl, Mizoram, organised a one-day training programme under the 'Vigilance Awareness Campaign' on October 16, 2024. Government employees representing both state and central agencies actively participated in the programme. Among the departments present were the primary and secondary schools of Mizoram, the Forest Training School, Pachhunga University College, Aizawl, and the Weavers' Service Centre, Aizawl (Ministry of Textiles, Government of India).

The inaugural session commenced with a welcome address by Shri Sandeep Yadav, Head and Scientist-D, ICFRE-BRC. He warmly welcomed the participants and distinguished guests, underlining the significance of the training in fostering vigilance and moral ethics, which are the foundation of public service. Following his address, Shri Sandeep Yadav felicitated the chief guest, after which the participants were introduced in the august meeting. The Director of ICFRE-BRC then addressed the gathering virtually, emphasising the importance of government employees' vigilance, punctuality, and responsible handling of public funds.

The training session began under the guidance of the resource person, Shri Lalbiakkila, who provided an insightful and detailed presentation on various aspects of vigilance. He covered topics such as the types of vigilance, the code of conduct for government servants, tax filing, property declaration, and relevant legal provisions. The session also focused on misconduct and the associated penalties, emphasising the rules and agencies responsible for enforcement.

Participants were actively engaged throughout the session, posing queries to the resource person. The interactive nature of the training was appreciated, as it was delivered in the Mizo language, ensuring that all attendees could easily follow and participate.

The training programme concluded in the afternoon with a vote of thanks by Mr Subhaprada Behera, Scientist-B, ICFRE-BRC, followed by a group photo session.

This training proved a valuable opportunity for government employees to deepen their understanding of vigilance, ethical conduct, and their responsibilities as public servants.
